SKILLS

- › Integrating **AI** into engineering practice: **LLM** APIs, **RAG** and vector search, agentic workflows, and **MCP**.
- › Cloud budgeting, cost management, and operations on **AWS**, **Azure**, and **Google Cloud**.
- › 20+ years of extensive Java experience with **Tomcat**, **Spring Boot**, **Hibernate**, **AspectJ**, building and consuming **SOAP** and **REST** APIs.
- › **GIAC** Secure Software Programmer Java Certified
- › Client-side familiarity: **JavaScript**, **TypeScript**, **CSS**, **HTML5**, **React**, and **Node.js**.
- › Polyglot development experience: **Julia**, **R**, **C#**, **Ruby**, **Python**, and **PHP**.
- › **DevOps** via **Terraform** with **Linux**, **Docker**, **Kubernetes**, and **GitHub Actions**.
- › Utilities such as **Git**, **sed**, **awk**, **vi**, and **L^AT_EX**.
- › Experience with **Android** and **iOS**.
- › Strong with RDMS systems **Postgresql**, **MySQL**, and **Oracle**, and noSQL solutions **CouchDB**, and **MongoDB**.

CHAD M. MAUGHAN

Chief Product & Technology Officer

PROFILE

I'm a well-rounded engineering leader with decades of experience leading and building teams that quickly and efficiently ship powerful and innovative solutions.

I'm passionate about all aspects of software development, technical research, product strategy, and leadership. I completed my M.S. in Computer Science focusing my research on applying combinatorial testing practices to rich web applications.

EXPERIENCE

Christopherson Business Travel, 2024–Present

Chief Product & Technology Officer. Leading development of Andavo (andavo.com), the most comprehensive and advanced travel platform for travelers, finance and travel admins, advisors, developers, and AI agents. Supporting \$750M in annual revenue.

Domo, 2013–2024

Senior Director of Software Engineering & Principal engineer. Led data ingestion, APIs, developer portal, alerting, IAM, and integration teams.

Church of Jesus Christ of Latter-day Saints, 2011–2013

Lead of "Stack team" (internal consulting, training and technology advocacy). Preceding position of solution architect of sensitive projects for senior leadership.

Christopherson Business Travel, 1999–2011

Manager of development team, lead developer and architect. Contributor to rapid growth from \$20M (1998) to \$260M (2010) in annual revenue.

EDUCATION

Dec. 2012 **M.S., Computer Science**, GPA 3.5
Utah State University

Dec. 2005 **B.S., Computer Science**, *Cum Laude*
Weber State University
